(2) Commercial entity includes a corporation, business trust, estate, trust, partnership, limited partnership, limited liability partnership, limited liability company, association, organization, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal entity, whether for profit or not for profit;

Substitute

notice under this subdivision requires all of the following:

(i) Electronic mail notice if the individual or commercial entity has electronic mail addresses for the members of the affected class of Nebraska residents;

(ii) Conspicuous posting of the notice on the web site of the individual or commercial entity if the individual or commercial entity maintains a web site; and

(iii) Conspicuous posting of the notice on the web site of the individual or commercial entity if the individual or commercial entity maintains a web site; and

(iv) Notification to major media outlets in the geographic area in which the individual or commercial entity is located;

(5) Personal information means a Nebraska resident's first name or first initial and last name in combination with any one or more of the following data elements that relate to the resident if either the name or the data elements are not encrypted, redacted, or otherwise altered by any method or technology in such a manner that the name or data elements are unreadable:

(6) Redact means to alter or truncate data such that no more than the last four digits of a social security number, motor vehicle operator's license number, state identification card number, or account number is accessible as part of the personal information.

§ 87-803. Breach of security; investigation; notice to resident.

(1) An individual or a commercial entity that conducts business in Nebraska and that owns or licenses computerized data that includes personal information about a resident of Nebraska shall, when it becomes aware of a breach of the security of the system, conduct in good faith a reasonable and prompt investigation to determine the likelihood that personal information has been or will be used for an unauthorized purpose. If the investigation determines that the use of information about a Nebraska resident for an unauthorized purpose has occurred or is reasonably likely to occur, the individual or commercial entity shall give notice to the affected Nebraska resident. Notice shall be made as soon as possible and without unreasonable delay, consistent with the legitimate needs of law enforcement and consistent with any measures necessary to determine the scope of the breach and to restore the reasonable integrity of the computerized data system.

(2) An individual or a commercial entity that maintains computerized data that includes personal information that the individual or commercial entity does not own or license shall give notice to and cooperate with the owner or licensee of the information of any breach of the security of the system when it becomes aware of a breach if use of personal information about a Nebraska resident for an unauthorized purpose occurred or is reasonably likely to occur. Cooperation includes, but is not limited to, sharing with the owner or licensee information relevant to the breach, not including information proprietary to the individual or commercial entity.

(3) Notice required by this section may be delayed if a law enforcement agency determines that the notice will impede a criminal investigation. Notice shall be made in good faith, without unreasonable delay, and as soon as possible after the law enforcement agency determines that notification will no longer impede the investigation.

§ 87-804. Compliance with notice requirements; manner.

(1) An individual or a commercial entity that maintains its own notice procedures which

are part of an information security policy for the treatment of personal information and which are otherwise consistent with the timing requirements of section 87-803, is deemed to be in compliance with the notice requirements of section 87-803 if the individual or the commercial entity notifies affected Nebraska residents in accordance with its notice procedures in the event of a breach of the security of the system.

(2) An individual or a commercial entity that is regulated by state or federal law and that maintains procedures for a breach of the security of the system pursuant to the laws, rules, regulations, guidances, or guidelines established by its primary or functional state or federal regulator is deemed to be in compliance with section 87-803 if the individual or commercial entity notifies affected Nebraska residents in accordance with the maintained procedures in the event of a breach of the security of the system.

§ 87-805. Waiver; void and unenforceable. Any waiver of the provisions of the Financial Data Protection and Consumer Notification of Data Security Breach Act of 2006 is contrary to public policy and is void and unenforceable.
